Penn Mutual Variable Annuity Account III

Penn Mutual established Penn Mutual Variable Annuity Account III (the “Separate Account”) on April 13, 1982. The Separate Account is registered with the Securities and Exchange Commission (the “SEC”) as a unit investment trust under the Investment Company Act of 1940 (the “1940 Act”) and qualifies as a “separate account” within the meaning of the federal securities laws.

The valuation of Accumulation Units in the Variable Investment Options is determined by multiplying the Accumulation Unit value for the prior Valuation Period by the net investment factor for the current Valuation Period.

For any subaccount, the net investment factor for a Valuation Period is determined by dividing (a) by (b) and subtracting (c):

Where (a) is:

The net asset value per share of the mutual fund held in the subaccount, as of the end of the Valuation Period.

plus

The per share amount of any dividend or capital gain distributions by the mutual fund if the “ex-dividend” date occurs in the Valuation Period.

plus or minus

A per share charge or credit, as we may determine as of the end of the Valuation Period, for provision for taxes (if applicable).

Where (b) is:

The net asset value per share of the mutual fund held in the subaccount as of the end of the last prior Valuation Period.

plus or minus

The per share charge or credit for provision for taxes as of the end of the last prior Valuation Period (if applicable).

Where (c) is:

The base Contract expenses.

The “Valuation Period” is the period from one valuation of underlying Fund assets to the next. Valuation is performed each day the New York Stock Exchange (the “NYSE”) is open for trading.

Your assets in the Separate Account are held as Accumulation Units of the subaccounts that you select. We value Accumulation Units as of the close of regular trading on the NYSE (generally, 4:00 p.m. ET). When you invest in, withdraw from or transfer money to a subaccount, you receive the Accumulation Unit

value next computed after we receive and accept your Purchase Payment or your withdrawal or transfer request at our Administrative Office. Allocation, withdrawal and transfer instructions received at our Administrative Office after the close of regular trading on the NYSE will be valued based on the Accumulation Unit value computed as of the close of regular trading on the next NYSE business day. In order to receive a day's closing price, instructions sent by facsimile transmission must be received by our fax server prior to the close of regular trading on that day. Telephone instructions must be received in full, containing all required information and confirmed back to the caller prior to the close of regular trading in order to receive that day's closing price.
